

Q: Do we register by Grade or Age?

A: Registration is determined by age. Participants should sign up for camps matching the age they will be at the start of camp.

Q: Is there a payment plan offered for summer camps?

A: Yes! To be eligible for the payment plan, there is a minimum deposit of \$25.00 for each camp session registered for. All payments must be made the Thursday prior to the first day of the new session.

Q. How do I cancel my camp registration and receive a refund?

A: A \$25.00 non-refundable deposit will apply to all refunds for each session of camp. Cancellation requests must be made to the Recreation Supervisor.

Q. What forms do I need to fill out for camp?

A: All campers are required to have a Child Information and Health Form, Parent/Guardian Consent Form, Arrival & Release Form, Permission to Dispense Medication Form, and the Parent Manual Acceptance Form completed by the Thursday prior to the start of camp session. A link to these forms can be found at www.bvilleparks.org. Note: Campers will not be allowed to participate in camp if the forms are not completed and submitted.

Q. What should my child bring to camp every day?

A. A back pack, swimsuit, sandals (for pool only), beach towel, sunscreen (spray), lunch, and water bottle. All items should be labeled.

Q. What if my child has allergies, medical conditions or other special needs?

A. Please note any pertinent medical information on the participant Day Camp Health Card. While staff cannot guarantee an allergy-free campsite, we will work with families to make the environment as safe as possible. Campers who require the assistance of NEDSRA should note this when registering for the camp. Please allow two weeks prior to camp session for inclusion aide placement.

Q: Can my child take their medication while at camp?

A: If possible, all medication should be taken at home, prior to or after camp. If your child needs to take medication while at camp, the Medical Dispensation Form must be filled out. This form is available online at bvilleparks.org. No medication (including inhalers or sting kits) will be dispensed with-out this form. Medications will be collected on the first day of camp. Medications should be brought to camp in the original packaging and clearly state the dosage, doctor, phone and number of times per day the medication must be taken. Only campers can take and apply their medications; staff will not administer their medication.
